

IDEA 3299-66

23 August 1966

MEMO FOR THE RECORD

SUBJECT: Project [] Test

1. A meeting was held in the office of the Director of Materiel on 22 August 1966 to discuss and finalize test support requirements for Project []

2. [] is a test of crop photography from both high and low altitude to determine condition of crops and estimate yield. OSA was committed for support of the high altitude portion during March 1966.

3. Support will consist of providing equipment installation on a camera hatch and the successful completion of three high altitude sorties photographing two selected targets in southern Louisiana and one in Colorado. The target in Colorado is one of opportunity and will be covered "IF POSSIBLE." The three sorties will be scheduled one a month commencing 30 August 1966. Back-up sorties will be scheduled if required.
